

# Alice Hills

**Alice Hills** and her music has been shaped by Berlin's streets, squares and subway stations, where she has been performing since the age of seventeen. Her songwriting has been influenced by the circumstances she has found herself in and is themed mainly around difficult breakups and issues in society.

The sometimes challenging and often highly rewarding environment has helped to perfect her unique vocal style and performance that has become her unmistakable trademark.

## *Discography*

Upcoming Release EP - early 2018  
Up EP - 2017
